KONICA MINOLTA

TECHNOLOGY

YOUR WORKFLOWS.
ACCESSIBLE ANYWHERE.

Simplified document collection.
Meet Dispatcher Phoenix Web Capture.

Organizations are increasingly tasked with processing, indexing, routing and storing documents across a variety of devices and platforms. With Konica Minolta's Dispatcher Phoenix Web Capture application, you can access powerful, automated document processing and routing from any supported web browser across a variety of devices. Go ahead. Scan or submit both paper and electronic documents from your laptop, desktop, tablet, MFP and more — all conveniently via your web browser.
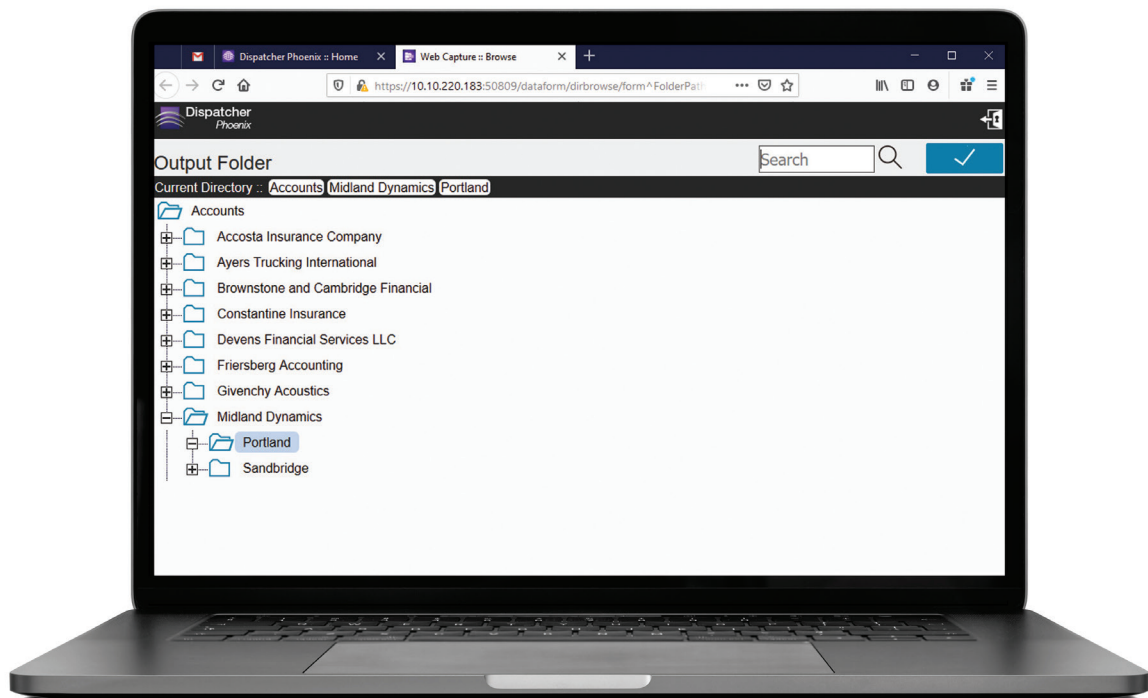

Dispatcher
Phoenix

OPTIMIZE YOUR WORKFLOW.
PROCESS AND MANAGE DOCUMENTS FROM ANY DEVICE.

Streamline your workflow. Increase efficiency. Drive productivity.

Wherever work takes you, leverage the power of Dispatcher Phoenix Web Capture. All you need is a supported web browser to access essential workflows from any networked device. Customizable features make submitting paper or electronic files to a workflow easier than ever. With Dispatcher Phoenix Web Capture, you can drive sustainability within your organization, lower costs and create a truly paperless office. It's the clear document solution for today's connected digital workplace.

Web-based solution. Right from your browser.

IDEAL FOR EVERY ORGANIZATION

With the continued growth of the Internet of Things (IoT), organizations must be able to leverage all devices within their infrastructure. With Web Capture, businesses can conveniently and securely access Dispatcher Phoenix to streamline document processing workflows across devices. Web Capture supports user authentication, document indexing, folder browsing and single sign-on to Cloud-management systems for simple document distribution.

CONVENIENT, SECURE ACCESS

Using Dispatcher Phoenix, it's even easier to process mission-critical documents from any networked device. Administrators, salespeople, mobile professionals and collaborators in legal, healthcare, education and other specialized markets will have easier access to essential workflows — a key to higher productivity and accuracy.

HIGHLY DEPLOYABLE

Since no software needs to be installed on your desktop, device or workstation, Dispatcher Phoenix Web Capture provides you with the flexible and easy-to-manage solution you need to drive productivity. This web-based solution can be accessed from a device using your favorite browser.

ADVANCED PROCESSING

Submitting paper or electronic files to a workflow has never been easier. Since Web Capture supports Dispatcher Phoenix's customizable Index Forms, you can index documents quickly via database lookups and edit advanced processing options directly from your device via the web browser.
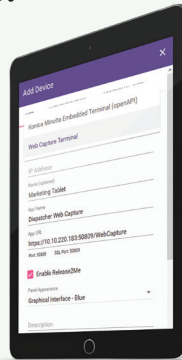

ZERO FOOTPRINT

Dispatcher Phoenix Web Capture not only improves process execution efficiency, but also liberates employees from needing to download and install an app for every machine. Since critical workflows are easily accessed via a web browser, updated workflows and upgraded software are available immediately upon login.

WEB CAPTURE **BROWSER REQUIREMENTS:**

To access Web Capture on a device, the minimum requirements for the web browser are:

- HTML 4.01 specification and above
- ECMAScript 5th Edition (Equivalent to JavaScript 1.85) and above
- Cascading Style Sheets Level 2 Revision 1 (CSS 2.1) specification and above
- HTTP communication protocol 1.1
- Encrypted communication protocol TLS 1.1 or newer

Konica Minolta's Dispatcher Phoenix.
A complete set of document workflow solutions.

Dispatcher Phoenix Web Capture is just one of the many features available with the robust Dispatcher Phoenix family of automated document workflow solutions.
